

# Maple Ridge School Council - What we're all about

The 2019-2020 school year was unprecedented; however, the pandemic didn't stop our parent volunteers from supporting school activities right until the end of the year. At this time we are still figuring out how Councils will operate in the 2020-2021 year. Once we know, we will communicate to our community.

The Maple Ridge School Council (MRSC) is represented by parents, guardians, school representatives and community members. Its objectives are:

- To develop, engage and maintain strong relationships between the school, home and community;
- To be an effective voice in promoting the interests of the school and actively supports the school in meeting the educational, social and recreational needs of Maple Ridge students; and,
- To organize fundraising activities for the purpose of financially assisting the school with supplies and activities deemed beneficial by staff and council.
